

Directly elected Mayor, no Bengaluru Development Minister
No MLA interference in city governance, cancel MLA LADS

Citizen's participation

Principle: Corporators are accountable to citizens

Transparency in all budget allocation spends & project decisions

Demands: Empower Ward Committees

No veto power for corporator over Ward Committees

Any project over 10 Crore needs a referendum

Monthly ward committee meetings must publish budget and spend

Consult citizens in planning activities

Planning

Principle: Constitutional provisions such as MPC must be paramount

Plan must be appropriate to scale of area: ward/zone/city/region

Demands: Ward level plans to precede RMP 2031 finalization.

Planning by MPC, not BDA

Enforce zoning laws

Devise Bengaluru specific zoning laws

Inclusivity

Principles: Empathy in planning, budgeting, implementation

All citywide initiatives must be prioritized in favor of most vulnerable, under privileged

Demands: Primacy for Kannada in public signage and documents

Protect street vendor rights

Toilets for transgenders

Disabled-friendly footpaths and public spaces

Clean and safe *Anganwadis* and schools

Traffic

Principles: Prioritize moving people over vehicles
Incentivize public transport over private transport
Invest heavily in mass public transport
Demands: Setup UMTA
Double the bus fleet, halve bus fares
Add 10 new suburban train routes every year
Increase frequency of metro; add coaches
Integrate public transport with last mile connectivity

Roads

Principles: Hierarchy of road usage is pedestrians, cyclists at the top, followed by public transport and lastly, private transport
Minimum uniform carriageway with traffic calming signals
Minimize lifecycle cost of roads
Demands: No signal free elevated corridors within ORR
No flyovers within ORR
No potholes, road quality and maintenance to be preemptive
Restore storm-water and shoulder drains
Levy parking and congestion charges on private vehicles

Pedestrians

Principles: Build roads around pedestrians, not for vehicles!
Walkability, accessibility and safety of pedestrians are non-negotiable
Demands: Pedestrians to always cross at grade level
No Skywalks except on ring roads and highways
Walk button at all traffic signals
One-way roads must have traffic calming signals

Water

Principles: Reuse, recharge and conserve Right to Water

Demands: Free lifeline water to every household
10,000 open wells
All government and public spaces must have recharge wells
No tanker mafia
Lake water should become potable

Garbage/SWM

Principles: All the garbage generated in a ward stays in the ward.
Dignity of labour for all *poura karmikas* and sanitation workers
Demands: All garbage contracts must mandate segregated waste handling, Functional dry waste collection centers
No garbage transport mafia
Ensure timely and at least minimum wages for contract *poura karmikas*

Public spaces

Principles: Strive for 40% public space
Encourage densification and open up more public spaces
End public urination
Demands: Create 20 vehicle-free pedestrian plazas
Keep playgrounds and parks open all day
Impose heavy fines and remove illegal hoardings
Public toilets clean, accessible and usable by all

Pollution

Principle: Conform to WHO air quality standards
Demands: Stop sewage from entering lakes
At least one outdoor air quality monitor in every ward
Ban garbage burning
Reduce emissions from vehicles
Set time limits for construction activity, 9AM-6PM
No trees to be cut without public consultation
Tree plantation drives in every ward with community ownership

Health and Sanitation

Principles: Sanitation provisioning must precede building plan permission
Transparency and preventative measures on vector borne diseases
Dignity of sanitation work

Demands: Zero manual scavenging
Must invest in sewage and manhole cleaning machines
Working STP capacity should be more than daily needs
Intensify Dengue - chikun gunya- vector control like spraying
Release actual statistics on dengue, chikungunya etc.
Toilets must be clean, usable, and accessible for all

Housing

Principle: Affordable housing across all wards
Demands: RERA compliance
No *Akrama Sakrama*
Enforce zoning laws
No building permission without complete process adherence

Governance

Principles: State Government should adhere to the Principle of Subsidiarity, Decentralize all possible functions to the lowest level
Political and administrative devolution of powers to BBMP
Empower ward committees to monitor all ward level works
Demands: All city agencies must report to BBMP
Separate Act for Bengaluru (zoning and other laws)
